

## Records Made by the Two Out of the Prior Lake Office.

PRIOR LAKE, MINN.—Newspaper solicitors and others familiar with rural route conditions and business in various parts of the state do not hesitate to aver that the two routes out of the postoffice of this village are among the most prosperous in the state, judging by the volume of mail matter handled. Last week the carrier of route No. 1 handled 1,600 pieces of mail and last month 5,600. During the same week, carrier of route No. 2 handled 1,300 pieces, and during the same month, 4,900.

The death of John White at the home of his son, P. H. White, in Credit River, removes one of the well known early settlers of this county. He was a member of the Minnesota Territorial Pioneers' association.

Mr. and Mrs. Matthew White of Credit River celebrated their golden wedding anniversary, having been married in 1854. Mr. White was a member of the Second regiment of Minnesota volunteers and served in the civil war, being with Sherman on his march to the sea and also in the grand review on Pennsylvania avenue, Washington, when the army was mustered out in 1865.
